

Global Equity Blend Portfolio

Portfolio Objective and Strategy

The Portfolio seeks to achieve long-term growth of capital by investing in a portfolio of equity securities. The strategy is designed for investors who seek equity returns but also want broad diversification of related risks across styles, capitalization and geographic regions.

‡ The MSCI World Index is a free float-adjusted market capitalization index that is designed to measure global developed market equity performance. The MSCI World Index consists of 23 developed market country indices. An investor cannot invest directly in an index, and their results are not indicative of the performance for any specific investment, including an AllianceBernstein fund. Indices do not include sales charges or operating expenses associated with an investment in a mutual fund, which would reduce total returns.

†† As an annual percentage of average daily Net Asset Value. For further details on the Management Fee, please refer to "Additional Information — Fees and Expenses" in section II of the fund's Prospectus.

For further information, or to obtain a copy of the Portfolio's Prospectus, please contact your financial advisor.

A Word About Risk

Investment in the Fund entails certain risks. Investment returns and principal value of the Fund will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. The Fund is meant as a vehicle for diversification and does not represent a complete investment program. Some of the principal risks of investing in the Fund include country risk, emerging markets risk, currency risk, illiquid assets risk, allocation risk, portfolio turnover risk, management risk, lack of operating history risk, derivatives risk, borrowing risk, taxation risk and equity securities risk. These and other risks are described in the Fund's prospectus. Prospective investors should read the prospectus carefully and discuss risk and the fund's fees and charges with their financial adviser to determine if the investment is appropriate for them.

The sale of shares in AllianceBernstein funds may be restricted in certain jurisdictions. In particular shares may not be offered or sold, directly or indirectly in the United States or to U.S. Persons, as is more fully described in the Fund's Prospectus. Further details may be obtained from the Fund's distributor.

A portfolio of ACMBernstein a mutual investment fund (Fonds commun de placement) organized under the laws of Luxembourg, which conducts business outside Germany, Austria and Switzerland under the name AllianceBernstein.

AllianceBernstein (Luxembourg) S.A. is the management company of the Portfolio and has appointed AllianceBernstein (Singapore) Ltd. (Company Registration No. 199703364C) as its agent for service of process and as its Singapore representative.

Past performance is no guarantee of future results. Total returns, provided by AllianceBernstein, include the change in Net Asset Value and reinvestment of any distributions paid on Portfolio shares for the period shown, net of assumed front-end load (FEL) 4% for Class A shares, Contingent Deferred Sales Charge (CDSC) 4-3-2-1% for Class B shares depending on holding period, none for Class C shares, Offer-to-Bid. For Class A shares, maximum front-end load (FEL): Up to 6.25%. Accordingly, these figures do not represent actual returns to an investor. Performance quoted in currencies other than the base currency of the Portfolio is calculated by converting the daily Net Asset Value of the Portfolio using a spot foreign exchange rate of the other offered currency on each valuation point. Shares of the Portfolio are offered only pursuant to the Portfolio's current Prospectus together with the most recent financial statements. The information on this page is for informational purposes only and should not be construed as an offer to sell, or solicitation of an offer to buy, or a recommendation for the securities of the Portfolio. Returns denominated in a currency other than that of the fund may increase or decrease as a result of foreign exchange currency fluctuations.
